MOVE IN AND OUT GUIDELINES WESTFIELD TWINS CONDOMINIUMS

When you are moving into or out of Westfield Twins Condominiums, we ask that you notify the building managers in advance:

Denro Property Management - (306) 586-1501, reception@denro.ca

One of their staff will provide you with a key for an elevator to enable you to lock the doors open while loading and unloading items. There is a deposit required to borrow this key. The elevator key eliminates the need for the door being propped open, which can damage the elevator. He will also provide you with a set of ramps for use on the steps inside the front entrance lobbies. These ramps are necessary to protect the tiles on the stairs from damage, plus will make hauling items up the steps much easier.

If you have any questions about moving in or out of Westfield Twins, please contact Denro or Marose Properties at the above numbers.

Thanks in advance for your cooperation!

INTERCOM & FOB SYSTEM

Westfield Twins features a modern intercom which works together with our electronic fob entry system. To make sure you are able to take advantage of its features, please contact Denro after you have moved in via phone (306-586-1501) or email (reception@denro.ca) to be entered as a new user. Denro will need to know 1) who you are, 2) which suite you are in, 3) which phone number(s) you want the intercom to ring, and 4) which fob(s) you are using. Each fob is centrally issued, uniquely numbered, and cannot be copied.

Once setup, guests can contact you through the intercom panel at the building entrance by entering your suite number followed by "1" for your primary phone, "2" for your secondary phone. For example, a guest wanting to contact the resident in suite 100 would enter 1-0-0-1 or 1-0-0-2 at the intercom panel. Once you have received the call and verified the identity of your guest, press "6" on your phone (mobile / touch tone landline) to grant their entrance.

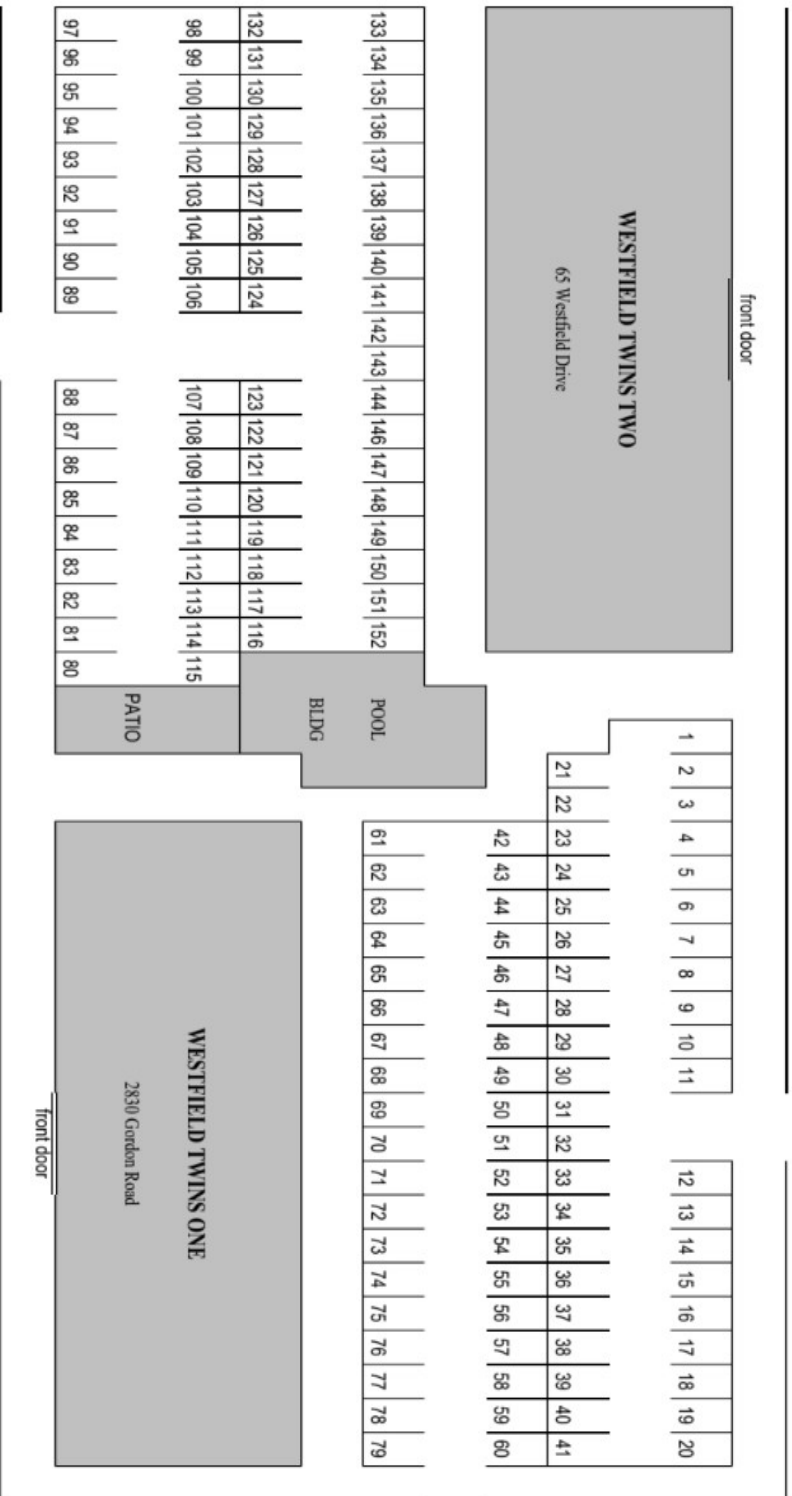

Your fob(s) will work on the front and side security doors to both towers, plus the pool building.

Lost / stolen fobs must first be reported to Denro, and can be replaced for a \$25 fee.
